

Work with us on a sustainable energy supply!

ABO Wind has been successfully developing and implementing renewable energy projects since 1996. Every year, we build plants with an average investment volume of 500 million euros. More than 900 employees worldwide work with enthusiasm on the project development, financing, construction, operational management and maintenance of wind and solar farms, battery, and hydrogen projects.

Join our team in Wiesbaden as a

Qualified Lawyer (m/f/d) - Project Manager

Responsibilities

- Draft, review and negotiate contracts for the sale and financing of our renewable energy projects
- Draft, review and negotiate development agreements, construction agreements, power purchase agreements, contracts for the acquisition of turbines and solar modules
- Contribute to the development of our renewable energy projects from a legal and commercial perspective as well as the structuring of project portfolios
- Structure and provide support for co-operations and joint partnerships
- Analyse complex or specific legal questions

Qualifications

- Foreign or national degree as a fully qualified lawyer (1st and 2nd German state examination or foreign equivalent) and ideally a complementary degree or training in Economics
- Professional experience in the development and realisation of complex projects and project financing, including project sale and acquisition
- Knowledge about renewable energies; ideally, experience in the renewable energies sector
- Business fluent in English and German; knowledge of other foreign languages would be an advantage
- Negotiation skills and a self-confident demeanour in international settings
- An entrepreneurial mindset and teamwork skills
